*Pavimentos resistentes a la helada pero no antideslizantes en zonas húmedas. En zonas de escaleras de piscina recomendamos la utilización del mosaico Glacier mate por sus condiciones antideslizantes.

*Floor tiles resistant to frost but not slip resistant in wet areas. In swimming pool stair areas we recommend the use of Glacier matte mosaics with a non-slip finish.

CARACTERÍSTICAS TÉCNNICAS

TECHNICAL FEATURES

Mosaicos Vítreos	Absorción de Agua Water Absorption	Nula None
	Dureza Mohs Mohs Strenght	4
	Resistencia a la Helada Frost Resistance	Resistente Resist
	Resistencia a los Agentes Químicos Resistance to Chemical Agents	Resistente Resist
